Oldest Brick House in Kentucky.

A Scott county woman, who recently visited Crab Orchard Springs, sends in the following:

Situated on a prominence in Lincoln county, with Muldore Mountains in the distance, is said to be the oldest brick house in Kentucky, having been built between the years 1783 and 1790 by Col. William Whitley, the grandfather of Mrs. Mary Moore, of Georgetown. In the front room, then known as the "big" room, Col. Whitley met with and entertained the Indians when making a treaty with them regarding the capture of white women and children. In this same room on the high mantle are 13 stars, representing the 13 States then in the Union, Kentucky at that time being a portion of Virginia. The woodwork is all hand-carved and on the stairway is carved at each step an eagle with an olive branch in its mouth. The attic, quite a low structure, was the ballroom and from the small windows at each end, it is told, the whites fired on the Indians when with hostile intentions they were around the premises.

The brick of which the house was built were burned near by and in diamond shape are placed glazed brick to add to the quaintness of the structure. It is said a farm was paid for the brick and quite a number of barrels of whisky was given to build the house. The chimney in one room is 12 feet wide, the walls of the house being two feet thick. The doors are two-ply with metal between to insure safety from the enemy.

The farm contains 130 acres, now owned by Mrs. Sallie Pennington, who takes pleasure in showing strangers through the entire house and gives them in her affable way what information she can about her quaint and much loved home.—Georgetown Times.

THE \$5,000 HANDICAPS AT LEXINGTON.—A novelty in racing which should draw the largest crowds ever seen on the Lexington track will be the two rich handicaps, worth \$5,000 each, to be raced the second week of Kentucky's Great Tots of Oct. 5-15. The Blue Grass Handicap for pacers is set for Tuesday, Oct. 12. The distance is a mile and a half, and 2:10 and slower pacers will start at the mile and half post, while the faster pacers will start from 53 feet to 500 feet behind the wire in accordance with their different records and speeds. Among the starters will be Hedgewood Boy 2:02 1/2, Lady Maud C. 2:03 1/2, Major Mallow 2:05 1/2, Brenda York 2:04 1/2, Baron Whips 2:05 1/2, Major Brino 2:05 1/2, etc. The October Prize, \$5,000, for trotters is on the same conditions, and will make a sensation. Among the starters will be the great Uhlan 2:03 1/2, Jack Leyburn 2:04 1/2, Sanoma Girl 2:05 1/2, Margaret O. 2:05 1/2, Sterling McKinney 2:06 1/2, San Francisco 2:07 1/2, Lady Jones 2:07 1/2, and other stars.

After carrying mail over an eight-mile route since 1881 for the salary of one cent a year, the carrier between Dodgeville and Mineral Point, Ill., has lost his job. It was not from any neglect of duty that this employee of the Government was severed from the payroll. Neither is there any evidence that he was unwilling to continue longer the duties of his position, for he worked as long as his penny a year was forthcoming. The Government is retrenching.

BARGAIN.—354 acres of good land, of which 100 acres is bottom land, eight-room dwelling, two good stock barns, new tobacco barn, 36x96, ice house, buggy house, two corn cribs, etc., two good cisterns, the whole farm being well watered, well fenced and lays well. Will sell as a whole or cut 200 acres with improvements, to suit purchaser, which includes 100 acres as fine bottom land as there is in the county. This is a bargain. See L. R. Hughes, Stanford, Ky.

"Health Coffee" is the cleverest imitation of real coffee ever yet made. Dr. Shoop created it from pure parched grains, malt, nuts, etc. Fine in flavor—is made in just one minute. No 20 or 30 minutes tedious boiling. Sample free. Penny's Drug Store.

Leon Yandell, who was killed at a railroad construction camp, near Lexington, by a vicious Negro, was related to the notable Kentucky family by that name. Yandell was the victim of a plot by desperate blacks working under him.

The INTERIOR JOURNAL advises Judge Parker and others if his ilk to emulate the example of Judas Iscariot, and go and hang himself. We object. We want to preserve the judge especially as an awful example.—Lexington Gazette.

Miss Roxie Evans, daughter of Shelton M. Evans, of Middleboro, and Lewis Newman, of Knoxville, Tenn., eloped to Cumberland Gap and were married. Mr. and Mrs. Newman left for Bristol, Tenn., where they will reside.

W. F. Sheridan, known and liked by everybody here, was married at Eagle Pass, Texas, to Miss Lottie Lockett Liffon, a charming young woman of that place. They are now at home to their friends at the Galt House, Louisville.

Some time this week there will be made public, it is expected, a statement by Commander Peary concerning the claim of Dr. Cook to having discovered the North Pole. It is quite likely also that during the present week Commander Peary will forward to the Coast and Geodetic Survey at Washington his original tidal records and profile of his soundings from Cape Columbia to the pole. Dr. Cook will continue his lecture engagement but will probably find time to make some reply when the Peary statement appears in the press.

Frightful Fate Averted.

"I would have been a cripple for life, from a terrible cut on my knee cap," writes Frank Disbury, Kellher, Minn., "without Backlen's Arnica Salve, which soon cured me." Infalible for wounds, cuts and bruises, it soon cures burns, scalds, old sores, boils, skin eruptions. World's best for piles. 25c at Penny's Drug Store.

Why We Stay Single.

It's "Hubby, put the cat out,"
And it's "Dearie, fix the range,"
It's "Have you wound the clock, love?"
And it's "Have you any change?"
It's "Hook me up the back, pet,"
And "Lock the cellar door."
And it's "Do be careful not to drop Cigar-ashes on the floor."
So let the bumper circulate,
And quaff a mournful glass
Unto the humble benedict,
Alas, alas, alas!

To The Democrats of the Crab Orchard District.

In accepting the nomination for magistrate of this district tendered me by the county committee, I wish to say to the voters of the district that this nomination was not of my seeking, that many of my neighbors, voters of this precinct, earnestly besought of me the use of my name as a candidate in this connection, and I very reluctantly consented. Having filled the office of magistrate in this district for one term in the '80s, I am fully aware of the importance and responsibilities of the office. I do not think the voters of this county fully realize the importance of securing competent men for this very responsible position.

Do you realize that at the November election you will be called upon to select four men as magistrates of the county who will have full control of the fiscal affairs of the county and who will have the authority to levy your tax for county purposes, who have control of all the county property, who make the appropriations for your turnpikes and county roads, who make settlements with your sheriff and other county officers? It seems to me that it would be to your interest as tax-payers to place men that are competent and qualified to discharge the responsible duties in these places. If you think I am the man to represent you in this district, vote for me and if elected I will represent the interest of the tax-payers and county alike to the best of my ability. This being one of the most responsible and also the poorest paying office in the county, I think the office should seek the man and not the man the office. Consequently I shall make no scramble or personal canvass for the place. It is up to you to make your selections. If you want me I will serve you. If you prefer my opponent, vote for him and I will not fall out with you by any means. Very truly yours,

R. H. BRONAUH.
